

Total Automation Intelligence For the FMCG Industry

Fast-moving consumer goods operations are under constant pressure to move faster, adapt to shifting demand, control rising costs, and maintain efficiency at scale. FORMOVA helps organizations optimize warehouse and supply chain workflows through intelligent mobile automation designed to improve fulfillment speed, increase inventory accuracy, reduce manual handling, and support more cost-efficient operations.

Areas of Expertise

- Just-in-time delivery of raw materials, empty pallets, and packaging supplies
- Material flow modeling
- Aerosol, hazardous materials, and incompatible products

Applications

- Raw materials movement and warehouse storage
- Work-in-process (WIP) movements
- Finished goods (post-palletizer) movement and warehouse storage
- Trailer loading/unloading
- Roll transport, storage, and retrieval
- Empty pallet replenishment
- Pallet flow and shuttle

FOR moving smarter with mōt.OS®

**One platform,
total control**

mōt.OS® is the intelligence behind the motion, orchestrating multiple fleets from multiple manufacturers to bring visibility and coordination to your entire operation.

FOR moving forward with long-term support

**A partner in performance, every
step of the way**

FORMOVA provides ongoing support to keep your systems running at peak performance, from proactive maintenance to responsive service.

FOR moving more with advanced vehicles

**Engineered for performance in
the real world**

From compact mobile robots to heavy-duty AGVs, FORMOVA's vehicles are engineered to perform in complex environments where precision, safety, and reliability are critical.

How FORMOVA keeps you forever in motion

A Legacy of Expertise

Automation pioneers for 40+ years

Field-Tested Performance

700+ systems in operation

Support Without Limits

Global coverage with rapid response

Proven Automation Expertise

- Every system is shaped by in-field insight and continuous improvement, designed to perform reliably today and adapt to tomorrow's demands.

Safety and Integrity Engineered In

- Our systems are engineered to reduce risk, minimize human error, and meet rigorous global standards.

Partnership That Keeps You Moving

- We're a long-term partner who works alongside your team, from design through optimization, and are accountable to your system's performance.

Motion That Adapts and Scales

- No two operations are identical. That's why we provide automation for various industries that integrates seamlessly and scales with demand.
